49 YEARS OLD — FRIDAY, AUGUST 6, 1937 — No. 32

AROUND *the* TOWNSHIP

Jack Greeley's offspring has the bluest eyes and pinkest cheeks we ever saw on a baby. Next time the county development commission gets out a booklet, it should put a color photograph of young Greeley on the cover. It would be the best advertisement, the county ever had.

Up at Lakeside park there is a fine raft made from old railroad ties. A good way to keep cool is to go out on that raft and fall off.

* * * *

We dropped in on J. S. Brown at Warm Springs on business the other day and, at the entrance to his new store, we found a $1 bill lying on the gravel. We gave it to Joe who says that he will return it to the loser if said loser can identify it and he won't charge no reward for it nuther.

Warm Springs is planning a new bus these days. Bids are beiing called for now. What with their new school and the new bus, there won't be any speaking to them any more.

* * * *

Patti Bliss deserves a good deal of credit for the way she shinned aroung among the neighors and got to be one of the maids of honor at the fair. The Pratalis and Quartarolis deserve a lot of credit for the way in which they supported her. The more we think about Alice and Catherine and the Florence the more enthusiastic we become. They are real boosters for the town of Niles. Not only do they enthusiastically support everything in the way of community enterprise but they run a restaurant whose fame spreads yearly.

Pop Straub's curly-headed grandson, about four years old, ain't afeared of nobody. When we went by the Straub place the other morning, we heard him threatening to give some other youngone a bloody nose.

When the red-headed girl moved to Niles a week or so ago, all the young male fry sat up and took notice. Tommy Estudillo proved the fastest worker; and now he goes around watching all his boy friends with a warning look in his eye.

CAMPFIRE GIRLS HOLD MEETING

Niles School Move Stirs Up Many Repercussions

NILES— Repercussions of the school moving situation were heard this week at the meeting of the Niles Junior Chamber of Commerce in the Florence Restaurant.

Joe Vivieros and Judge J. A. Silva spoke in opposition to the removal plan but the junior chamber moved to take no stand in the matter, as being outside its province.

Two new facts regarding the removal were brought out by Judge Silva. He pointed out that the proposed new school site is outside the Niles fire district and that utilization of it may affect insurance rates. He also declared that there is no sewerage and that building the school in the new location will necessitate added expense in tying in with present sewers.

Neither of these arguments was brought out by Silva or any one else at the recent mass meeting when approval of the removal was voted.

A Board member, asked Monday, if he was aware of these disadvantages at the time of the mass meeting, declared that they had not occurred to the board as being insurmountable. He said that he believed the local fire commission would see to it that a hydrant is placed near the grounds and that the department would respond to calls to the school, even though it were a few feet outside the fire district.

At the junior chamber meeting, Judge Silva declared that there might be legal snags to such cooperation by the fire district and that he, for one, if the school were moved, would advocate enlargement of the district.

He declared further that he hoped the board would not move the school, now that these disadvantages have been discovered. He pointed out that the mass meeting vote was not a mandate to the board to move the school but simply gave board members a right to move it under certain conditions if they saw fit.

Joe Gomes, school trustee, this week said that he knew of no one who is definitely planning to buy the present school grounds but that he thought there would be plenty of bids when the time comes for bidding on the land.

Under terms of the mass meeting's vote, the board must have a buyer for the present school site before it can purchase the new site.

CENTERVILLE — Miss Wilma Martin of Alvarado was declared queen of the fourth annual Washington Township Fair at a dance held at the gymnasium of the Washington Union High School Tuesday night. After seven weeks of campaigning she polled 398,000 votes. The next four ranking candidates will serve as maids of honor at the coronation bal Saturday night and will ride with the queen in a special float in the big parade on Sunday morning.

Maids are Miss Mary Anne Silva of Irvington, 199,000 votes; Miss Inep McNally, Centerville 195,200 votes: Miss Patricia Bliss of Nies, 184,500 votes; Miss Athea Kraft of Newark, 182,100 votes. The other candidates were Miss Helen May Witherly of Mission San Jose who received 81,100 votes and Miss Theresa Sanchez of Decoto, 23,900 votes.

The queen and four maids were taken to Oakland on Wednesday where they were fitted with coronation robes, the gift of the Lions Club which is sponsoring the fair. They were taken to lunch and to a theatre party. Accompanying the girls were Mrs. Loren Marriott, Mrs. Violet Kleine and Mrs. Manuel Santos.

According to Loren Marriott, queen contest chairman, the campaign was even more successful than the last one. Cooperation of Chambers of Commerce and other civic bodies proved of great assistance, each of these bodies to participate in the financial returns of the contest.

CENTERVILLE—The flags are flying and everything is set for the grand opening of the fourth annual Washington Township Fair at Centerville this afternoon. Exhibits at the Washington Union High School grounds will open shortly after noon and special entertainment and carnival attractions will continue during the three-day event. Thousands of people are expected to view displays of agriculture, horticultural and industrial products of the township and to view the big parade on Sunday morning.

The outstanding events are the coronation ball on Saturday night at the high school gymnasium, the parade at 10 o'clock Sunday morning and the drum and bugle corps contest at the high school grounds on Sunday afternoon at 2.30 o'clock. Friday night, there will be a stage show in the auditorium.

According to Joe Adams, parade chairman, there are approximately 100 entries. The queen will ride in a special float and there will be scores of uniformed marching units, elaborately decorated floats, agricultural exhibits, displays of salt, beet sugar, lumber, stoves, tile and other manufactured products. Several bands will furnish music and the line of march will be from the high school grounds to the Newark road and back to the high school.

American Legion color bearers escorted by a special contingent of the California State Highway Patrol will lead the parade. Drill teams and drum corps from Oakland, San Francisco, Hayward, San Jose, Livermore, Pleasanton and other cities will join those from the eight towns in the township. A special representation of the Knights of Pythias, the Japanese-American Citizenship Association and the Filipino Citizenship Association will augment those representing every civic and fraternal organization in the township. There will also be a division for saddle horses, old-timers in ancient costumes riding in antique vehicles, covered wagons and other relics of the early days of this historic section.

HERE ARE PARADE ENTRIES

CENTERVILLE—Scores of decorated floats and cars, bands, drill teams and drum corps, uniformed marching units and saddle horses will make a colorful spectacle of the big parade of the Washington Township Fair at 10 o'clock Sunday morning. FIRE COMMISSION TALKS OF BIGGER DISTRICT

NILES—Members of the Niles fire district commission are suggesting that a special election be held to enlarge it to the extent of the school district which stretches from the Decoto line on the North to the Santos Road between Niles and Centerville, the Foothill Road on the east and the Creek line on the west. This would approximately double the territory covered by the fire district which stops at the Alameda Creek on the South and south of the Decoto line on the north. According to F. V. Jones, commissioner, progress on this matter has been delayed by failure of Governor Merriam to sign the recent fire commission bill leaving local districts in the predicament of being without legal status.

JUDGE SILVA TO TAKE CARE OF ELDERLY STOVE

NILES—The one-legged stove that has graced the Niles Justice Court for the past several years succumbed to progress this week and was replaced by two modern gas heaters salvaged from the old court house at Oakland. Judge J. A. Silva who owns the stove is really up against it figuring out how he is going to use two hands to turn on the gas heat and being ambidextrous as well as some other things, likes to do something with each hand at the same time. For instance he always poked the fire with his left hand while he dumped coal into the old stove with the right.

He inherited the stove when he bought a barber shop in Niles steen years ago. It later became the property of the Boy Scouts who were on the point of throwing it away when the judge bought it back from them for $2. He says he is going to gold-plate the thing and put it in his living room. It makes such a nice background for couples who come to the judge to get the nuptial knot tied—reminding some folks of all those old adages of getting out of the frying pan into the fire, being in hot water, and other expressions connected with weddings. Not long ago an irate customer came to the judge and wanted his money back. "You told me I was at the end of my troubles when you married me to my wife," he said. "Well, I didn't say which end", the judge replied. And that was that.

NEWARK CHAMBER POSTPONES MEET TO AUGUST 17

NEWARK—This week's meeting of the Newark Junior Chamber of Commerce has been postponed until Aug. 17, because of conflicting date with the queen's dance of the Washington Township Fair. Plans for the annual dance will be made and committees wil be appointed to assist Joe Machado, chairman.

FRIENDS GIVE DORIS DUTRA SHOWER AND DANCE

WARM SPRINGS—Friends of Doris Dutra of Warm Springs gave her a shower and dance at the school auditorium Wednesday night in celebration of her approaching marriage to Nazy Pampaloni of San Jose. Refreshments were served and the bride-to-be received numerous gifts. Miss Dutra is the daughter of Mr. and Mrs. J. K. Dutra of Warm Springs. She is a graduate of the Washington Union High School and is a musician of note. She won first prize at a recent contest at the California Theatre and was one of four representing San Jose on a radio program at Los Angeles when Conrad Nagel acted as master of ceremonies for the California Hour featuring Brookman's orchestra.

Country Club Plans For Reciprocity Meeting

CENTERVILLE — Adopting an entirely novel idea for the annual reciprocity luncheon, committees of the Country Club of Washington Township have been meeting this week to plan for the affair which is to be held on Tuesday, September 14, states Mrs. C. E. Martenstein, president. The harvest motif will be carried out in details of decoration, menu and entertainment features.

Mrs. W. L. McWhirter, Mrs. Lawrence Bunting and Mrs. Tom Maloney are the decorating committee. A profusion of Washington Township harvest fruits and vegetables will be used and a surprise favor prepared for each visiting president.

The music will consist of numbers by a vocal trio from Oakland, secured by Mrs. Paul Dougherty, and a dance number secured by Mrs. George Coit. Mrs. Lawrence Bunting, Jr., Mrs. McWhirter and Mrs. Maloney will assist with the distribution of guest favors. Usher will be dressed in farmerette costumes and all members are asked to wear Summer dresses or cotton formals.

The menu will be planned by the luncheon committee upon the return of Mrs. Roland Bendel, chairman.

Plans were also made this week for representation in the Washington Township fair parade with Mrs. J. V. Goold as chairman of arrangements.

FIGHT TO END BAD CONGESTION

NILES—Elimination of the most congested traffic situation in Northern California and of traffic funnels is the goal of the East Shore Highway Committee of the California State Chamber of Commerce it was announce today by Irving H.Kahn, chairman of the East Shore Highway Committee of the state Chamber.

Chairman Kahn pointed out that the increase in traffic during the past few years has resulted in a congested condition on East Twelfth street between 14th and 23rd avenues that is unparalleled in Northern California.

Approximately 36,000 cars traverse this artery, which is State Highway, Route 17, Mr. Kahn stated. These machines are those of business men, trucks, and motor coaches serving East Oakland, Hayward, San Leandro and San Jose.

"The result is that motorists driving from Oakland to Santa Cruz and Los Gatos can make from Oakland to just south of Milpitas either by Route Five or by way Alvarado and Irvington. Mr. Kahn stated.

By eliminating this traffic funnel and by eliminating this congestel condition, which only can accomplished through the construction of the East Shore Highway from Oakland to San Jose, communication between Oakland, San Jose, Gilroy, Santa Cruze and Los Gatos will be speeded up.

Benefits would be felt not only by those cities adjacent to the East Shore Highway, but by cities throughout Northern California whose citizens drive either to San Francisco or Oakland.

PAGEANT WILL FEATURE FAIR

SACRAMENTO— A California Industries Pageant featuring 10 major activities of the state will be a principal attraction at the State Fair, September 3 to 12.

The fair board has approved a plan of Secretary-Manager Robert Muckler to name each of the 10 days of the fair for an industry. The Secretary declared:

"The California Industries Pageant affords an excellent means for informisg Californians if the State's major industrial and educational pursuits. We expect the Pageant to be an attractive part of the fair".

The emphasis to be placed on each activity will be accomplished through either a special program or dramatization.

Agriculture, bringing to California an annual approximate income of $600,000,000 is one of the prominent industries to be eulogized in the special 10-day arrangement.

One of the special days will be devoted to Churches, a new idea at the California State Fair but used by some eastern state fairs.

The eight other days in the California Industries Pageant will be dedicated to Education, Livestock, Newspapers, Printing, Mining, Radio, Fruit Motion Picture and Manufacturing.

President A. B. Miller of the fair board explained that although the 10 days pageantry will be devoted to industries, the plan does not alter the system of special days for organizations and cities.

Governor's Day, historically one of the big days of the fair, will be given more prominence than usual. This day, traditionally held on Thursday, has been changed to Friday this year in order to turn Thursday over to the colorful Admission Day celebration, September 9. Labor Day will be another outstanding event.

SUGGESTION TO TRUSTEES

Those who are getting in a fever about the Niles school removal should calm themselves.

The trustees do not have to move the school and they are reasonable men who will listen to any opposing arguments which have developed since the mass meeting which authorized them to go ahead with their plan.

The two best reasons against changing the school site have come to the surface since the mass meeting. Judge Silva says he was aware some time ago that the proposal would involve taking the school outside of the fire district; but at the mass meeting the point slipped his mind. This is regrettable.

The school trustees have indicated that the fire district boundaries had slipped their minds at the time of the mass meeting. This is also regrettable.

However, the oversight is not fatal. The school is not yet moved. The trustees do not have to move it.

Map of the Niles plat shows that the proposed new site is surrounded on two sides by sewer lines. This is in direct refutation of the recent claim that the new site will be without a sewer.

A local insurance man says the fact that the proposed new site is outside of the fire district will have no effect on rates and that the local fire commission can include the site on petition of the school trustees without the expense of an election. This is in direct refutation of the argument that the fire hazard and insurance expense will be higher.

We believe the school trustees, for their own protection, should check these points carefully and make their findings known to the public.

HELP THE LIONS

The Centerville Lions club has the right idea regarding a township fair.

At present they are doing all the work single-handed, yet the entire township benefits by it. The Lions club makes no little money out of the venture. It is purely and simply a boost for the township as a whole.

We believe that the Lions should be encouraged to continue their practice in future years by means of greater support from the township at large.

Other township organizations should contribute both cash and work. Other organizations would see to it that the Lions get increasing amounts from county funds for so worth-while an advertising venture.

Some system should be devised whereby money for premium lists can be raised. This would result in a larger variety of exhibits from the farmers and industrial organizations here.

It is possible that the 1940 presidential race will see Roosevelt fighting for a third term against John Lewis and some sort of a labor party.

Both these men want to be dictators and if they are both in the campaign, one of them will be elected. There is no third man on the horizon who will have the popular appeal of either—if present political trends continue.

In case either is elected, the country at large will have only a bulwark left against dictatorship: the congress, more particularly, the senate. A strong senate can checkmate any dictatorial ambitions short of those supported by armed force.

It behooves the people of this country to be careful of whom they elect to that body.

FLOWERS

IT is a beautiful custom that prompts the sending of flowers for the funeral. These floral pieces, expressing love and esteem for one who has passed away, deserve the most careful treatment. We always handle and arrange the flowers in such a way as to make the most of their beauty. When the services are held at our funeral home, we receive the flowers and keep careful records of the donors, for the use of the family in acknowledging them for which we furnish the cards.

HARLOW COMING FOR THREE DAYS

NILES—Owing to the fact that the Niles theatre has managed to procure "Saratoga", famed as Jean Harlow's last picture, much earlier than is usual for suburban houses, a change in the previously announced schedule of pictures has been made, says William Helm, theatre manager. "Saratoga" will come on Thursday, Friday and Saturday, August 12, 13 and 14.

Tonight sees a doube bill with "Murder oes to College" and Buck Jones in "Sandflow" a western.

"Murder Goes to College" is significant in that Lynne Overman, plays a prominent part. We continue to insist that Overman deserves better than the "second feature" type of picture he usually appears in. There are a number of pretty girls in the show with him.

Treat of the coming week will be "Mountain Music" with Martha Raye and Bob Burns. There is a new comedian who can make a noise like a jews harp, also, who is well worth the price of admission.

Second feature is Errol Flynn and Kay Francis in "Another Dawn".

Next Wednesday and Thursday will see George Brent and Anita Louise in "Go-Getter" a revival of the old "Cappy Ricks" plot with Chares Winniger as Cappy Ricks. Winniger is building himself a niche of the sort once filled by the late Theadore Roberts. There is never any great variety in his characterizations but they are aways good for a chuckle.
